

Saint Mary's is happy to renew the Junior Explorers Club held exclusively through CARES. The purpose of the club is to engage and expose kindergarteners through 4th graders to Science, Technology, Engineering, Architecture & Mathematics. The students will have hand's-on opportunity and a fresh approach to themed projects. Students will build upon classroom fundamentals tied with new techniques for an interactive approach to the subject.

The program will be held every **Monday** of the month from 3:45-5:00 starting **November 5, 2018**. The program will continue through **February 25, 2019**.

Please register your child through CARES and the cost is \$15.00 per day. Additionally, any child who plans to attend Junior Explorers **MUST** first complete and return the CARES registration for 2018-2019 by the end of this school year and the fee is \$50.00 per family. If your child is not registered, then we cannot guarantee a seat in class.

We are looking for parents who may want to contribute to the program through their profession or talents. If you would like to volunteer or have any questions or concerns, contact Kristin Ricchiuti at ricchiutik@gmail.com
